

SUMMARY

# ECJ 16 June 2022, case C-577/20 (Sosiaali- ja terveystalun lupa- ja valvontavirasto), Free Movement, Working Permit

*A - v - Sosiaali- ja terveystalun lupa- ja valvontavirasto, Finnish case*

## Summary

In principle, the competent authorities of the host member state which can admit someone to a regulated occupation must trust the validity of a certificate provided by an authority of the home state. Only if there are serious doubts, they can ask the authorities of the home member state to reconsider the certificate. Unfortunately, no English translation of the judgment is available yet. Other language versions are available here.
